HEART CATHETERIZATION LABORATORY RENOVATION

Healthcare

1025 CENTER STREET, ASHLAND, OH 44805

**PROJECT DURATION:** 2 Months

**YEAR COMPLETE:** 2022

**ABOUT THE PROJECT:** The University Hospital Samaritan Medical Center is home to a newly renovated cardiac catheterization laboratory and cath lab holding area. The cath lab renovations incorporate a Philips Azurion machine in its x-ray room. The highly anticipated updates allow Ashland to serve a greater portion of the community's patients needing cardiac care. Upgrades include new HVAC system, plumbing, electrical, paint, cabinets and flooring.
